

## Appendix A – Missouri Freight Investment Plan

---

The fiscally constrained FIP includes the proposed use of NHFP funds distributed to Missouri. These projects are included in the STIP as approved by MHTC. This list will be updated annually, at a minimum, as new projects are selected for inclusion in the STIP and approved by MHTC. It should be noted that MoDOT does not fully program years 3, 4 and 5 of the STIP to retain flexibility to address emerging needs. In addition, MoDOT does not fully fund program years 3-8 of the FIP to retain flexibility to address emerging freight needs.

This Appendix includes:
