

The Missouri Works Initiative (MWI) is a workforce development non-profit sponsored & supported by the Missouri AFL-CIO

Our mission: Eliminate barriers to economic opportunities by connecting Missourians to the necessary resources to build life-sustaining careers.

# MWI Apprentice Ready Programs:

# Problem :

The construction workforce doesn't look like the greater community

Women make up 10% of the construction workforce

African Americans make up 6.5% of the construction workforce

The average age of the construction worker is 42

# Solution:

Create an Industry -  
Recognized point of entry  
for underrepresented,  
underemployed, &  
unemployed people to  
access a life-sustaining  
career in the union trades

27% of BUD grads are women

78% of BUD grads are people of  
color

The median age of BUD grads is  
25
