Subject: Bridge Advertisement (DSI 24-054) Web Walls on Bridge Piers
Date: Tuesday, January 28, 2025 1:42:45 PM

The [EPG](#) has been updated as described below:

Implementation Statement: Effective immediately for design process not started.

(The Implementation Statement is a recommendation by the Development Section. The SPM is responsible for the level of implementation for any particular job.)

Revision Date	Items Revised	Description of Change
Jan. 2025	EPG: 751.1.2.28	Updated the guidance for web wall usage. Previous guidance was thin and only considered the latest reported drift level. New guidance is geared primarily towards the location of the pier since the level of drift may change over the lifetime of the structure. Guidance is also added to distinguish the policy for column bents on footings and column bents on drilled shafts.
	Bridge Standard Drawings: NA	
	MicroStation Cells: NA	
	Std. Specifications: NA	
	Standard Plans: NA	
	Bridge Special Provisions: NA
